

Have you heard about the first vendor-neutral PostgreSQL certification?

Open Alliance
For PostgreSQL Education

The Open Alliance for PostgreSQL Education (OAPE)
is a community-driven initiative
focused on establishing a clear and transparent framework
for PostgreSQL knowledge testing and certification.

A New Chapter in PostgreSQL Certification Starts Here. Help Shape It.

**DBA, PostgreSQL developer, marketer, or sales professional:
there's a way for you to contribute!**

- Test Questions Review
- Moodle™ or other LMS management
- Website Development
- Social Media Management
- Communication
- Organization and Coordination
